TESREAU AGAINST WOOD IN TODAY'S GAME AT NEW YORK

(BY GRANTLAND RICE.)

New York, Oct. 11.—You can seize it from us, gentle or rough, that the wildest scramble which ever mixed up a world's series game is now in full blast.

Out of three battles fought to date the two teams have not only evened and scored each eleven runs, but each hectic, nerve-shattering battle—has gone to the final pitch of the final inning and the final where the fine, frail, margin of a hair might have won or lost all the conflicts. Both have showed a keen and yearning desire to crack split wide open at every close stage of the scrap and when they start making the noise resembled a serried line of warships saluting the old flag in a harbor noted for its sharp acoustics.

GIANTS FAVORITES.

there is any edge now it belongs to the Giants, who despite their and wooly fielding—their terrific cave-ins at every chance, have been by far the best pitching and the best batting to date. Not only McGraw now has Tesreau, Mathewson and Marquard left in turn the Red Sox have only Joe Wood, as Collins, Hall and O'Brien failed to show what is technically as the game-proof goods. So if Wood beats Tesreau today, Mathewson holds the edge tomorrow any slab man Stahl may push into the pit.

On the other wing of it, if Tesreau beats Wood, the Red Sox are in what horticulturists would call a large pear-shaped time of it with Collins or Bedient left to grapple with the redoubtable Mathewson—a veteran—but still there in the vital departments of his well known session.

SOX RESOURCEFUL.

And yet with it all, the Red Sox still carry these two features to back on. The Giants, despite their good pitching and batting, have in the eager wish to have a crack at every close call. And with this Red Sox have shown a dauntless spirit in attack at the finish—a true courage in battling till the last man has died at the finish. This was flashed in the third battle where only a miracle saved Marquard after he had worked one of the grandest games of his career. For rounds the Giant southpaw had stood the slugging Soxmen on their us—slang for beans.

Using his left arm almost exclusively for this purpose he had beaten Boston attack to a whisper. They couldn't reach him with a tele- or a long distance phone call. He had everything, plus five—with greatest amount of stuff he has shown all year. In the meanwhile Herzog and Murray again leading the Giant assault, New York had beat Buck O'Brien, the eminent splitter, for two runs. They had used this trick by reaching Salva Buck in what are known far and as the pinches. Two runs looked to be a million with Marquard in rare form, backed up at last by steady, confident support. When the sudden break—which shows well enough how this series stands now it looks across future games.

GAME RALLY.

Coming on grimly, gamely, and valiantly for that final rush, Lewis Gardner doubled to right, Devore played the ball badly and Merkle the relay. But Heinie, the brainiest player on the team coaching at third, and the ram upside down. He apted to block Lewis from ng and Miled, and then turned waved Gardner back to second he could have walked to third his finger tips. This brain- n coaching cost Boston a run a tie game as the Giants were most certainly poised for final nation.

Stahl tapped Marquard who nipped Gardner at third where he old have been before Stahl came Wagner tapped to Fletcher, who ged straight and through to ble for, what should have been closing out. Merkle dropped the and the Giants were in rous runners on first and third. guer pliffed second and when y peeled off a terrific wallop to center, only a steepie-jack h by Devore saved Marquard's p.

e introduce these gentle inci- ts again to show that any thing happen in this series—that New k can still get at the best of the hing and batting and still lose as her support decides to set- down for a day or two and make east two or three safe-conserve- plays.

ANTS' BEST PITCHING AND BATTING.

he Giants have shown all the of the pitching and batting but Red Sox have shown the best de- sive-play. Another Boston weak- s develops in the lack of general as the team appears to be king in circles without any cen- aim or given point to shoot. n totalling the statistics we find t while both teams have scored runs, New York has compiled 25 against 23 and has earned nine s to Boston's five.

The Red Sox have earned but one in their last two games against thewson and Marquard but what's dad-binged use of earning what other blokes are willing to slip generously, freely and with lav- hand?

When a series gets down to where ee games are played and each e swings upon the last ball ed—the final out—there is no at roar of confidence due from er camp. t is possibly this feature—the t that every ball hit—every ball ight, and every ball thrown might n the game upside down—that gotten on its nerve shattering et.

HERZOG AND MURRAY.

Outside of the pitching—and De- e's catch—two Giants have kept

STARS OF THE NEW YORK OUTFIELD

Left to right:—Fred Snodgrass, centerfielder and "Red" John Murray, right fielder. Both Murray and Snodgrass have been playing grand ball for their team in the world's series and have proved to be two of the strongest offensive players in McGraw's lineup.

their tribe in the hunt upon the attack. Those two are Herzog and Murray, the twin sons of swat.

Red Jack has wiped 1911 off the slate forever. With Herzog batting 600, mostly in the pinches, it has been Murray who combed the needed swats and saved at least two games.

Out of three stars Murray has driven in or scored five runs out of the 11 total; Herzog has driven in or scored four more.

Summed-up, the series is now certain to run out six games and almost sure to run seven or eight. There's a fine healthy chance for the first eighth game world's series ever played. But if Boston can win with Wood today, Stahl will stick him back on Monday and even if Smokey cops both starts, the Giants have their chance to even up with Mathewson and Marquard shoved in against Collins or O'Brien.

In this fourth battle Tesreau and Wood will hook up before the greatest crowd that ever saw a ball game. With fair to middling weather there'll be over 40,000 at the Polo Grounds by 2 p. m., and if this game breaks and cracks and flashes as the others have done there will be the

wildest spasm of frenzy that ever was on Coogan's Bluff. In fact it would be no great surprise to see Coogan's Bluff crack under the strain and submerge both athletes and non-combatants in Pompeii disaster. Exaggerating the dope? You wouldn't think so if you had seen these first three games.

WOOD NEEDS MORE REST—MATTY AND MARQUARD LIKEWISE—TESREAU READY.

(By United Press)

New York, Oct. 11.—Both teams were praying for rain today for various reasons. A postponement would throw Saturday's game to the Polo grounds which would mean bigger crowds and more money to the players, owners and everybody con-

cerned. The Red Sox wanted a respite, in order to give Wood another day's rest, and the Giants, though they thought they had Boston on the run were willing enough to hold off a day for the sake of Matty and Marquard. Tesreau was ready to work today but the other two hurling stars required more rest. McGraw was not anxious to start again with Crandall wishing to hold in reserve.

FEATURES OF THURSDAY'S GAME.

- ◆ Boston, Mass., Oct. 11.—
- ◆ Bunting catch by Devore in the ninth inning, retiring the Red Sox, with men on third and second, and saving the game.
- ◆ Steady pitching of Marquard up to the ninth inning.
- ◆ Jumping one-hand catch of line drive by Jack Murray.
- ◆ Fast, clean fielding of both teams.
- ◆ Largest crowd ever seen in Boston; admirably handled.
- ◆ Remarkably clever fielding of his position by Buck O'Brien.
- ◆ Good throwing by both catchers.

Sayings of Sages

HUGH JENNINGS—"I am compelled once more to tip my hat to my old side partner, Jeph McGraw. Now when we were together with the old Baltimore club, back in."

JAKE STAHL—"The fielding of the Giants is so weak that I expect them to kick away the games to us."

JEFF. TESREAU—"I feel fine, I haven't done anything since Tuesday but write stories, and that hasn't taken much out of me."

CATCHER CARRIGAN—"We have started again and will do better henceforth."

MANAGER JOHN MCGRAW—"Now we will go to the front."

BIG CHIEF MEYERS—"We have outgeneralled, outfought, and out-nerved the Red Sox."

TY COBB—"The Red Sox are too careful. Its hard to pick the winner."

RICHARD DEMARQUIS—"All I want is one-ninth of the credit for winning the game. The other eight boys deserve just as much praise as I do."

MATTY—"Rube's pitching was a awing point."

THIS CHILD AMAZES EXPERTS

BABY AND FATHER

Washington.—Reginald Williams, six years old, son of Dr. and Mrs. Thomas A. Williams, of this city, measured up to an eleven year old child at the recent brain tests made at the Hygiene Congress by Dr. Mary Campbell, director of the Laboratory for Child Study. Noted scientists from all over the world marveled over this wonderful child, whom the father claims is the product of a diet of bananas and milk, since his early babyhood. Young Reginald has never been fed on any other food. In tests he stood 100 per cent, both mentally and physically. According to Dr. Thomas, who is himself a specialist in brain diseases, especially those of the child, his boy is simply the result of normal application of eugenics principles.

COX DEPLORES BRIBE SCANDAL

AND OFFERS DIRECT LEGISLATION AS THE PLAUSIBLE CURE.

(By United Press.) Jackson, O., Oct. 10.—Direct legislation will prevent the recurrence of legislative scandals, such as have been bared by the confession of Representative Geo. D. Nye, of Pike county, in the opinion of James M. Cox, democratic nominee for governor.

"In the voter's evasions of their duty to exercise the right of franchise," said Cox here last night, "can be found the root of the tree of graft that has brought forth such terrible fruit in the Ohio legislature."

He suggested that this condition might be cured by requiring all citizens to go to the polls under penalty of disfranchisement.

"A man should think enough of his vote to use it," said Cox, "and if he does not use it he should lose it."

"The recent developments at Columbus, instead of embarrassing us, only confirms us in our purpose to put through a drastic law against improper lobbying and other things that contributed to the fall of certain legislators and cast disgrace upon the general assembly."

JUDGE'S SON MUST FACE A MURDER CHARGE

SUPREME COURT WILL FIRST PASS ON PORTER CHARLTON'S CASE.

KILLED HIS WIFE IN SUNNY ITALY

AND TRIBUNAL IN THAT COUNTRY MAY DISPOSE OF MATTER.

(By United Press.) Washington, Oct. 11.—The fate of young Porter Charlton who murdered his wife on Lake Como, Italy, in June, 1910, and who has been held a prisoner in Hoboken, N. J., for two years, will be determined within the next few days by the Supreme Court of the United States whose sessions begin on the 14th.

At an early date as possible after the opening of the court the question as to whether or not Charlton will be turned over to the Italian authorities and sent back to Italy, to be tried there, will be argued before the court.

The presenting of this matter before the court will revive interest in one of the most remarkable wife slaying cases on record. It is the story of a young man of high birth and breeding, youthful in years, handsome in face and figure, of high mental gifts and quiet demeanor, caught in fascinating graces of an experienced woman of the world, whose checkered and hectic career furnished diversion for newspaper readers for more than a decade and who finally met a hideous fate at the hands of the young man she had so strangely enchanted.

Porter Charlton is the son of Judge Paul Charlton, solicitor of the war department and a classmate of President Taft, and it was through the intervention of the father and all the powerful influences he was able to summon which prevented the extradition of young Charlton immediately after his arrest in this country to which he had fled after murdering his wife, cramming her body into a trunk and throwing it into Lake Como.

The fight of the Italian authorities for the extradition of Charlton resulted in diplomatic complications that threatened for a time to develop seriously.

Young Charlton has been lying in jail in New Jersey for two years, awaiting the verdict of the Supreme Court as to whether or not he will have to go back to Italy and stand

CONSTIPATED, HEADACHY OR STOMACH SOUR? CASCARETS

Turn the rascals out—the headache, biliousness, constipation, the sick, sour stomach and foul gases—turn them out tonight with Cascarets. Don't put in another day of distress. Let Cascarets sweeten and regulate your stomach, remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry off the decomposed waste matter and constipation poison from the bowels. Then you will feel great.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your head clear, stomach sweet, liver and bowels, regular and make you feel bully and cheerful for months. Don't forget the children.

FOR DANDRUFF AND FALLING HAIR--25 CENT "DANDERINE"

SAVE YOUR HAIR! DANDERINE DESTROYS DANDRUFF AND STOPS FALLING HAIR AT ONCE—GROWS HAIR, WE PROVE IT.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff, you cannot have nice, heavy, healthy hair if you have dandruff. This "destructive" scrub robs the hair of its lustre, its strength and its very life, and it not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually why not now? A 25 cent bottle will truly amaze you.

MAY CLEAR MYSTERY

SURROUNDING DEATH OF YOUNG MAN NEAR AUGUSTA, KENTUCKY.

Information from Mrs. C. E. McClain, 939 north West street, last night, may lead to the clearing up of the mystery of the unknown lad killed at Augusta, Ky., on September 15th, by a C. & O. fast freight. Mrs. McClain told the police last night that she had given a young man a castoff suit of clothing from the Ellerman store several days before she read of the account in the local newspapers. He

was en route south in search of work, with three companions. The fact that the young man wore a suit of clothes bearing the Ellerman stamp led police to believe that the lad was from Lima.

CHILD IS BURNED.

To be branded for life by her own innocent thoughtlessness may be the misfortune of Pauline, the 20-months-old daughter of Mr. and Mrs. C. D. Shafer, Jr., 1110 east Wayne street, as the result of a frightful burn suffered Thursday afternoon when she climbed into a chair and upset a kettle of boiling peach preserves. The little one was fearfully burned about her face, chest and arms.

LATEST VICTIM

"BIG JACK" ZELIG.

Notorious for years as the crafty and fearless leader of New York's most desperate band of "gunmen," who was shot to death by "Red Phil" Davidson, said to be a Boston pickpocket. Davidson was captured after a short chase, not far from the spot in the crowded thoroughfare where he boldly murdered his enemy. He declared he committed the deed because Zelig had robbed him of several hundred dollars.

TURKS LOSE STRONGHOLD

They Fight Furiously But Artillery is Silenced and Strong Position is Now in Hands of Emperor Nicholas

(The United Press)
Vienna, Oct. 11.—The road to Scutari was open to the Montenegrins today, according to messages from Pongoritz, King Nicholas headquarters. At latest accounts they were making themselves secure in the Detchitch Mountain fortifications, captured from the Turks after a two days' fight. It was believed all the Turkish defenders of this position were prisoners. Their victories at Planitz and Detchitch mountains carried the main body of Montenegrin invaders about 15 miles into Turkish territory. Their further advance to Scutari should be easy since there are but a few weak Turkish garrisons to be dealt with on the way. At Scutari the Turks under Essad Pasha are concentrating strongly. Dispatches from the front merely say the Montenegrins and Turkish losses were very heavy about Plan-

izza and Detchitch mountain. The Turks fought furiously until their artillery was silenced.

BY FORCED MARCH.

(By United Press)
Berlin, Oct. 11.—Montenegrins under General Martinovich, King Nicholas, minister of war, have captured several important fortifications from the Turks about Taraboch, near Scutari, a dispatch from Podgoritzsa said today.

The point is south of Planitz and Detchitch mountains, where the Montenegrins' initial victory was won. It may have been reached by a forced march following the big engagement but military authorities incline to believe the army is a separate one which invaded Turkey by a different road.

NO DOUBT NOW.

(By United Press)
London, Oct. 11.—Scutari has been occupied by the Montenegrins.

IN THE BALKANS TODAY.
Montenegrins add capture of Turkish forts at Tuki to victory at Detchitch and Planitzsa Mountains, opening roadway to import Turkish town of Scutari.
Scutari reported taken by Montenegrins and certainly in danger.
Skirmishing on Turko-Bulgarian and Turko-Serbian frontiers.
Slaughter of prisoners and massacres of non-combatants reported by both sides.
Powers continue hopeful of restoring peace, pointing out that Bulgaria and Serbia still withhold declarations of hostilities.
Greece reported on verge of dropping out of anti-Turkish alliance.
Turkey bringing 140,000 Asiatic troops to Constantinople, increasing European forces to 40,000 men.

according to a special from Budapest. It marks a heavy disaster for the Turks. The town is the most important in Northern Albania and a Turkish stronghold.
A Podgoritzsa dispatch said a fort dominating the Turkish town of Euzi was captured by King Nicholas yesterday after fourteen hours fighting, in which both sides lost heavily.

CRUSHING BLOW

(By United Press)
Semlin, Hungary, Oct. 11.—That Montenegrins had had much the better of all the fighting with Turkey thus far was indicated by every report from the scene of the struggle.

The capture from the Turks of the fortifications on Detchitch and Planitzsa mountains was fully confirmed. The victors were under direct command of Crown Prince Danilo of Montenegro, acting on orders from King Nicholas at Podgoritzsa, while fifteen miles to the rear.

A report was also current of the capture of the important Turkish town of Skutari—which should not be confused with Scutari, on the Asiatic shore of the Bosphorus opposite Constantinople by the southern Montenegrin army under war minister, General Martinovich. It was believed, however, that General Martinovich had only taken the fortifications at Tuki, the "Key to Scutari."

Many prisoners and several cannon fell into his hands.
It appears certain, at any rate, that the road to Scutari had been opened to the Montenegrins, by the past two days' engagements. If Scutari itself falls the defeat may be counted a capital disaster for the Turks and a crushing blow to the prestige of the Sultan's troops.

HOTEL CLERKS TAKE STAND IN DYNAMITE CASE

MANY OF THEM KNEW MCNAMARA'S AN MCNAMIGAL UNDER ALIASES

(By United Press)
Indianapolis, Oct. 11.—Establishing the alleged movements of some of the accused iron workers by means of telegrams and telephone company employees, the government today expected to prove the same movements by a small army of hotel clerks when court opened, and the district attorney said there were more to come.
Orville D. McManigal and James McNamara, who were directly charged by the district attorney with most of the overt acts of the alleged dynamite conspiracy, used many aliases, according to the government and their identification in many instances will rest wholly on hotel records.
After the telegraphers had concluded and district attorney Miller was ready for the hotel contingent, McManigal was brought into the

court room from the Marshall's office and was ordered to stand up, that all witnesses might see him. Harry Spinning, an under sheriff of Los Angeles, then identified several photographs of the McNamaras, the district attorney explaining that as those defendants were in San Quentin, they would have to be identified by picture.
J. P. Peters and Earl Wagner, Indianapolis hotel clerks; H. E. Pearce from a Kansas City hotel; R. J. Quigley, Duluth, and F. W. Gates, Rochester, Pa., then told of visits of McManigal, Jas. B. McNamara and other defendants to their respective hotels.

HEAVY TRUCK STUCK IN MUD

HORRIBLE CROSSING ON SPENCERVILLE ROAD OPEN DANGER TO VEHICLES.

The horrible condition of the crossing of the Erie railway at the Spencerville road is an open menace to vehicles of all kinds, and last night resulted in a heavy Gramm truck being stuck in the mud.
The railroad company engaged in double tracking has virtually an open ditch on the south side of the tracks. There are no lights to warn drivers of vehicles, other than the lights of the motor cars.

As one approaches there is a ten foot drop immediately over the tracks going southward, and coming towards town a straight grade of mud makes it almost impossible for a motor car to climb it unless under full power. The truck stuck about nine o'clock last night and had to be pulled out this morning. As it will likely be months before the double tracking is finished at this point it is up to the county commissioners to put in a temporary crossing or be up against many damage suits.

POPULAR PASTOR'S VACATION OVER

Rev. and Mrs. John W. Richards returned from a four weeks' vacation, deservingly earned by the popular pastor of St. Paul's Evangelical Lutheran Church. They visited in Cleveland and Albany, where Mr. Richards delivered lectures and then renewed acquaintance with New York friends, journeying to their old home in Bethlehem, Lebanon, Lancaster and Sayre, where also visited. Rev. Richards has been stationed in the three cities in former years, and return among his former parishioners was the occasion for a general jubilation.

"The east is all right and Mrs. Richards and I greatly enjoyed our return to the old friends," said Mr. Richards Friday, "but its awniness to get back to Lima. We've decided there's no place like Lima." The pastor will resume his work at St. Paul's next Sunday and throughout the year will continue sermons that have not only helped him as a progressive minister but have proven of benefit to the aids of Lima church goers.

FORMAL CALL

TO THE REV. THOMAS KNOX, CINCINNATI PASTOR, HAS BEEN TENDERED.

At the meeting of the members of the congregation of the Market Street Presbyterian church, held last night, a formal call was tendered to the Rev. Thomas Knox, now pastor of the Seventh Presbyterian church of Cincinnati, to accept the pastorate of the Market Street church here. Addresses were made at the meeting by L. H. Kirby, Thomas H. Jones and the Rev. W. J. Dempster concerning the splendid qualifications of the Cincinnati pastor and his formal nomination for the local pastorate was made and unanimously approved.

He will, it is understood, accept the call, although the official

board of his present charge has protested against his resignation, and will be received into the Lima Presbytery at a meeting to be held in Van Wert on October 24.

BOWLING.

WERE ENTERTAINED ROYALLY DURING THEIR VISIT IN GERM CITY

Lima Grocers' and Butchers' who attended the state convention of the organization in Dayton Wednesday, are still enthusiastic in their praise of the reception accorded them by the Gem City men. AT CHRISTIAN CHURCH IN WEST CAIRO—LOCAL AND PERSONAL NEWS.

West Cairo, Oct. 11.—(Special)—A large crowd were in attendance at the ordaining of Rev. L. D. Wert, at the Christian Church on Tuesday evening. A number of out of town ministers were present.

Mrs. Sol Johnson, Mrs. Amos Evans, Mrs. Stalter and Mrs. Warington, were visitors in Columbus Grove Monday.

Mrs. Hamrick is visiting in Toledo this week with her daughter, Mrs. Runser.

The infant son of Mr. and Mrs. Bud Downing was buried Wednesday afternoon. Mr. and Mrs. Tom Harpeter and

Ruth McCarty returned Wednesday from their outing at Indian River. Doctor Thomas, wife and daughter, of Missouri, are visiting with the former's parents, Mr. and Mrs. D. D. Thomas. Leroy Fowler has succeeded Billy Snyder as night operator at the C. H. & D. station. The Dan Simpkins property is now occupied by Mr. Ballot and family, who moved from Lima the first of the week. A number from here attended Epworth League at Bethol Grove Sunday night.

POPULAR PASTOR'S VACATION OVER

Rev. and Mrs. John W. Richards returned from a four weeks' vacation, deservingly earned by the popular pastor of St. Paul's Evangelical Lutheran Church. They visited in Cleveland and Albany, where Mr. Richards delivered lectures and then renewed acquaintance with New York friends, journeying to their old home in Bethlehem, Lebanon, Lancaster and Sayre, where also visited. Rev. Richards has been stationed in the three cities in former years, and return among his former parishioners was the occasion for a general jubilation.

"The east is all right and Mrs. Richards and I greatly enjoyed our return to the old friends," said Mr. Richards Friday, "but its awniness to get back to Lima. We've decided there's no place like Lima." The pastor will resume his work at St. Paul's next Sunday and throughout the year will continue sermons that have not only helped him as a progressive minister but have proven of benefit to the aids of Lima church goers.

FORMAL CALL

TO THE REV. THOMAS KNOX, CINCINNATI PASTOR, HAS BEEN TENDERED.

At the meeting of the members of the congregation of the Market Street Presbyterian church, held last night, a formal call was tendered to the Rev. Thomas Knox, now pastor of the Seventh Presbyterian church of Cincinnati, to accept the pastorate of the Market Street church here. Addresses were made at the meeting by L. H. Kirby, Thomas H. Jones and the Rev. W. J. Dempster concerning the splendid qualifications of the Cincinnati pastor and his formal nomination for the local pastorate was made and unanimously approved.

He will, it is understood, accept the call, although the official

board of his present charge has protested against his resignation, and will be received into the Lima Presbytery at a meeting to be held in Van Wert on October 24.

BOWLING.

Van Wert Spots vs. Grammas. The 1912-13 bowling season will be thrown open tonight on the Allen County Club alleys where a match game is scheduled between Capt. Willett's Gramma team and the Van Wert Spots. The series will start promptly at 8.00 o'clock, the teams lining up as follows: Grammas: Day, Willett, Probst, Cook, Stepiet n.

Spots: Ferguson, Johnson, Allen, Postnaght, Saltzgeber.

WERE ENTERTAINED ROYALLY DURING THEIR VISIT IN GERM CITY

Lima Grocers' and Butchers' who attended the state convention of the organization in Dayton Wednesday, are still enthusiastic in their praise of the reception accorded them by the Gem City men. They struck Dayton just when that city was entertaining delegates from every nation on earth, members of the International Chamber of Commerce. The "Lima" badge won them additional distinction, and it is understood that Chairman Reis of the local committee succeeded in getting his delegation in the big auto. parade as members of the

1910 CENSUS

"Look at the Traction Map."

THE NEWEST FIL.

New York was further shocked the other day by the reported wanton and inexplicable cruelty of two young men in torturing East Side school children. Some 50 of 60 boys and girls rushed to a hospital with bruised or bleeding arms which they said had been caused by two mysterious men who had seized them on the streets and rubbed their bare forearms with caps until the skin was broken or almost broken. The victims called it "fox bite," evidently from having been given that "explanation" for vaccination by foreign parents. The doctors, the police, the school authorities and the parents were alike puzzled to account for the actions of the mysterious assailants, and another species of degeneracy that delighted in punishing children seemed added to the list.

An inquiry oft repeated by the little patients at length threw a flood of illumination upon the "fox bite" epidemic. After having their arms treated they invariably wanted to know when they were to come back to the hospital. This finally provoked counter interrogation and cross-examination by the doctors, when it was developed that the mysterious arm-rubbing strangers were but a figment of juvenile imagination and that the "fox bite" was inflicted by themselves in the hope that they would be sent home from school for a day or two because of their "sore" arms.

While it is appalling to find that there are no mysterious men taking pleasure in wanton cruelty to children, it is nearly as shocking to discover such perverse ingenuity among so many school children as to cause them to invent such a story and actually attempt to carry it through, with discomfort to themselves, in the hope of dodging a few hours in school.

AN EDITOR'S LIFE.

It has never been recorded that an editor, commonly considered by some as a human being, has been satisfied with life. Yet everyone knows that the average editor is as well satisfied as he could possibly be under the circumstances. The editor of the daily paper would exchange places with the rural miller of public opinion when he reads of the prize pumpkins, the quince preserves and the latest turnips, ever grown being brought in and left upon his desk with a few brief words of comment. The editor of the daily struggles on believing his lot is hard when the advertising man insists on a four-column writeup for a blind-legged high school girl who is going as far east as Erie, Pa., to take music lessons under Prof. Bumnoter—and learns its "got to be run" because her papa advertises.

Likewise he feels life has lost all its sweetness when he learns there is a city ordinance against killing the theatrical press agent or the fellow with a half-page obituary

who offers to buy ten papers if it is printed. Truly, the editor's life is hard on a city daily, but he gets some consolation when he reads such little things as this from a rural brother at the helm of the great palladium of liberty and agent of publicity and enlightenment, the Sunfield Sentinel:

"When a girl with a face like a cream puff marries a youth who never earned a dime outside a shooting gallery, the editor has to paint the bride as a radiant vision of blushing beauty and the groom as a rising young business man, or else disappointment and expectant circle of delinquent subscribers. If the editor fails to spread a two-column obituary over a prominent citizen, who never paid a grocery bill outside of the justice court he is liable to be waited upon by some two-listed relative of the deceased with an infuriated air and a punch in either hand."

Now comes an editor who wants to know the feminine of boss. Can it be possible he has forgotten his wife's given name?

It causes us to wonder what's behind it when we see a fellow yelling for Boston and another for New York when neither have been further away from homes than Toledo or Ft. Wayne.

Next thing we know that Owensboro, Ky., man who went to a recruiting office and wanted to enlist in the Confederate army will be allying himself with the Bull Moose movement.

John L. Sullivan has made a success at farming. We always did contend farming beats brushing flies off the bar with a beer-soaked mop rag.

It is too bad that Representative Nye should insist upon making his confession just at a time when a number of his friends in the recent legislature were so wrapt up in the ball games.

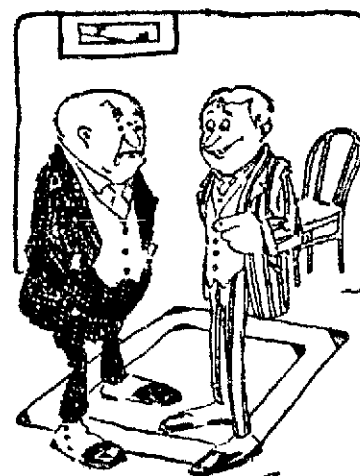

Every citizen of Lima is still accorded the privilege of going right along talking politics if he can find anybody to listen to him.

Love Element in Writer's Lives. Alfred de Musset's love for irresponsible George Sand gave his thoughts such an extraordinary elevation that he wrote many brilliant poems in consequence. Chaucer sang the praises of many queens, but his one great love was Philippa Picard de Rouet, the Lady-in-Waiting to Queen Anne of Bohemia. He waited nine years to marry her, but made it a matter of complaint in several poems.

The future of the slaves to be emancipated puzzled the administration. The mayor of Chicago refused to receive freedmen in the city, being upheld by an old state law prohibiting the importation of negroes.

OHIO'S CORN YIELD

Placed At 96 Per Cent In The October Report. Ohio's yield of corn was estimated yesterday in the October state crop report at 96 percent of a full crop. The total wheat crop is 10,154,425 bushels, which is 10 bushels to the acre, not as bad as was expected when estimated at seven bushels. It is rated as to quality at 76 per cent. In contrast the oats crop, 83,771,314 bushels, is 14 bushels to the acre quality 92 per cent. Potatoes are estimated at 121 per cent of the 1911 crop. The barley output is 1,077,542 bushels, quality 89 per cent.

MRS. WM. BRONBERGER

New York—William Bronberger, an American automobile salesman, is being feted and toasted by his friends almost nightly. He recently arrived in New York after varied experience of more than a decade of selling automobiles in the Orient. Bronberger is accompanied by his Chinese wife. He was selling automobiles during the Boxer uprising and about the time things became critical in 1901 he was far in the interior. One day he sought safety in the home of a Chinese merchant and was hidden away in an isolated part of the house by the merchant's daughter, a pretty young almond-eyed maiden. The incident resulted in a courtship and wedding.

To Mothers

From the Shotwell Manufacturing Co., Chicago—who pride themselves on the cleanliness of their factory—the purity of their products!

Let your children eat Checkers. Buy it for them. It is the cleanest, purest, most wholesome and most nourishing popcorn confection made.

Cleanliness. Checkers is made in a spotless factory, lighted and ventilated by wide spans of windows. The workers are clean and neat, even though human hands never touch Checkers till the box is opened.

Purity. Checkers is pure as well as clean. We use only the tenderest, selected popcorn. We buy the pick of A-1 Virginia peanuts. Only the finest grade of pure Louisiana sugar is used. Nothing is added to these ingredients.

Wholesomeness. The secret of Checkers is in the perfect popping of corn, the perfect roasting of peanuts and the perfect blending of corn and nuts with the pure sugar. That is why children and grown-ups, like these crispy, crackly bits of goodness.

Nourishment. Checkers is nourishing. Your physician recommends peanuts for their oil. Popped corn saves work for the stomach. And everybody knows the nourishment in sugar.

Economy. Checkers costs but 5c. Each box contains an interesting souvenir—worth nearly 5c alone. Look for the red and white checkerboard box—and remember the name.

ORPHEUM THEATRE

The Orpheum show Thursday afternoon and evening showed so much class and gave such good entertainment the regulars had to pinch themselves at times. The program went over with a slappet-bang that sent the audience away in a happy frame of mind. The bill maintained a pretty even balance with the comedy end having a shade the best of it. The Aerial Wilsons opened the show. While this act is more suited to a later spot, the finally got the audience to coming their way and finished to big applause. Ivy Donette, the cullud washerman, assisted by a little dog entertained nicely. Just as clever a mixture of comedy music and character acting as one could wish to see. "A Touch of High Life" a one act sketch which serves as the headline attraction at the Orpheum, which the Ruth Francis company, enacts with deft breeziness. The scene is laid in a New York cafe, with stage settings of remarkable tastefulness, a delicious mixture of identities brings the characters into the comedy lines and keep the audience in an uproar. Miss Francis is a charming looking young lady, has a sweet voice and is surrounded by a clever company. Bailey and McCree put over a solid laughing, singing and talking act and proved themselves entertainers of merit. Ivy and Ivy, a comedy musical act which carried the comedy right along and Mr. Ivy as a German professor, handed out many a bang. Their playing on different instruments was appreciated by the big audience. If anything the Ivys should play more and talk less, as the dialogue became a little tiresome, it is too long and dragged out. As a whole the bill is above the average run this season and is one that is bound to win favor with the patrons of the Orpheum.

LYRIC THEATRE

A large and enthusiastic audience greeted the Barrett Players at the Lyric last night. "The Path of Duty" was well presented and thoroughly pleased. Miss Lessi as the Russian girl "Raela" and Miss May as "Heloise" were in striking contrast, and both played with natural charm and effect. Miss Foley and Miss Walton have excellent comedy parts and made much of them. As "Norman Ware" Mr. LaRons showed great artistic ability. Mr. Barrett again was a success as a stage villain, this time closely seconded by Mr. Hammett. The rest of the cast acquitted themselves admirably.

THE NEWEST FIL.

New York was further shocked the other day by the reported wanton and inexplicable cruelty of two young men in torturing East Side school children. Some 50 of 60 boys and girls rushed to a hospital with bruised or bleeding arms which they said had been caused by two mysterious men who had seized them on the streets and rubbed their bare forearms with caps until the skin was broken or almost broken. The victims called it "fox bite," evidently from having been given that "explanation" for vaccination by foreign parents. The doctors, the police, the school authorities and the parents were alike puzzled to account for the actions of the mysterious assailants, and another species of degeneracy that delighted in punishing children seemed added to the list.

An inquiry oft repeated by the little patients at length threw a flood of illumination upon the "fox bite" epidemic. After having their arms treated they invariably wanted to know when they were to come back to the hospital. This finally provoked counter interrogation and cross-examination by the doctors, when it was developed that the mysterious arm-rubbing strangers were but a figment of juvenile imagination and that the "fox bite" was inflicted by themselves in the hope that they would be sent home from school for a day or two because of their "sore" arms.

While it is appalling to find that there are no mysterious men taking pleasure in wanton cruelty to children, it is nearly as shocking to discover such perverse ingenuity among so many school children as to cause them to invent such a story and actually attempt to carry it through, with discomfort to themselves, in the hope of dodging a few hours in school.

AN EDITOR'S LIFE.

It has never been recorded that an editor, commonly considered by some as a human being, has been satisfied with life. Yet everyone knows that the average editor is as well satisfied as he could possibly be under the circumstances. The editor of the daily paper would exchange places with the rural miller of public opinion when he reads of the prize pumpkins, the quince preserves and the latest turnips, ever grown being brought in and left upon his desk with a few brief words of comment. The editor of the daily struggles on believing his lot is hard when the advertising man insists on a four-column writeup for a blind-legged high school girl who is going as far east as Erie, Pa., to take music lessons under Prof. Bumnoter—and learns its "got to be run" because her papa advertises.

Likewise he feels life has lost all its sweetness when he learns there is a city ordinance against killing the theatrical press agent or the fellow with a half-page obituary

who offers to buy ten papers if it is printed. Truly, the editor's life is hard on a city daily, but he gets some consolation when he reads such little things as this from a rural brother at the helm of the great palladium of liberty and agent of publicity and enlightenment, the Sunfield Sentinel:

"When a girl with a face like a cream puff marries a youth who never earned a dime outside a shooting gallery, the editor has to paint the bride as a radiant vision of blushing beauty and the groom as a rising young business man, or else disappointment and expectant circle of delinquent subscribers. If the editor fails to spread a two-column obituary over a prominent citizen, who never paid a grocery bill outside of the justice court he is liable to be waited upon by some two-listed relative of the deceased with an infuriated air and a punch in either hand."

Now comes an editor who wants to know the feminine of boss. Can it be possible he has forgotten his wife's given name?

It causes us to wonder what's behind it when we see a fellow yelling for Boston and another for New York when neither have been further away from homes than Toledo or Ft. Wayne.

Next thing we know that Owensboro, Ky., man who went to a recruiting office and wanted to enlist in the Confederate army will be allying himself with the Bull Moose movement.

It is too bad that Representative Nye should insist upon making his confession just at a time when a number of his friends in the recent legislature were so wrapt up in the ball games.

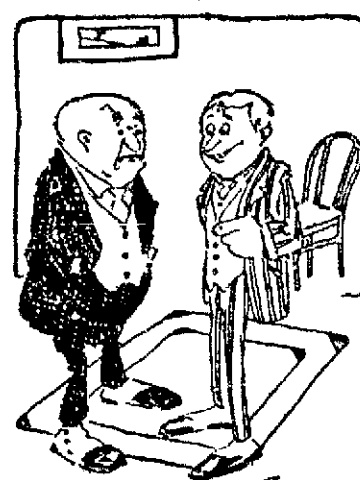

Every citizen of Lima is still accorded the privilege of going right along talking politics if he can find anybody to listen to him.

Love Element in Writer's Lives. Alfred de Musset's love for irresponsible George Sand gave his thoughts such an extraordinary elevation that he wrote many brilliant poems in consequence. He waited nine years to marry her, but made it a matter of complaint in several poems.

OHIO'S CORN YIELD

Placed At 96 Per Cent In The October Report. Ohio's yield of corn was estimated yesterday in the October state crop report at 96 percent of a full crop. The total wheat crop is 10,454,425 bushels, which is 10 bushels to the acre, not as bad as was expected when estimated at seven bushels. It is rated as to quality at 76 per cent. In contrast the oats crop, 83,771,314 bushels, is 14 bushels to the acre quality 92 per cent. Potatoes are estimated at 121 per cent of the 1911 crop. The barley output is 1,077,542 bushels, quality 89 per cent.

New York—William Bronberger, an American automobile salesman, is being feted and toasted by his friends almost nightly. He recently arrived in New York after varied experience of more than a decade of selling automobiles in the Orient. Bronberger is accompanied by his Chinese wife. He was selling automobiles during the Boxer uprising and about the time things became critical in 1901 he was far in the interior. One day he sought safety in the home of a Chinese merchant and was hidden away in an isolated part of the house by the merchant's daughter, a pretty young almond-eyed maiden. The incident resulted in a courtship and wedding.

ORPHEUM THEATRE

The Orpheum show Thursday afternoon and evening showed so much class and gave such good entertainment the regulars had to pinch themselves at times. The program went over with a slappet-bang that sent the audience away in a happy frame of mind. The bill maintained a pretty even balance with the comedy end having a shade the best of it. The Aerial Wilsons opened the show. While this act is more suited to a later spot, the finally got the audience to coming their way and finished to big applause. BANKER SAYS STEEL COMPANIES AIDED IN LAST FEW CAMPAIGNS

Testimony Tends to Show That Only the Departed Had Any Hand in the Big Corruption Funds

(By United Press)
Washington, Oct. 11.—Dearth of "Stars" marked the session today of the Clapp committee. The "headliners" was E. T. Stotesbury, of Philadelphia, partner of J. Pierpont Morgan, who came to divulge his alleged contribution of \$25,000 to the Taft campaign and to amplify Morgan's testimony regarding the firm's 1904 campaign donations.

Chas. Seymour Edwards, wealthy West Virginian, was another witness on today's list. He was the Bull Moose leader in his state, and is said to have contributed heavily to the progressives.

Fred W. Upham came from Chicago to disclose further details of republican contributions four years ago. Another scheduled witness was A. Arnowitz, of New York.

Today's testimony promised to be

tame after the committee's stirring experiences with John D. Archbold, Standard Oil head and Chairman Hilles of the republican national committee. Archbold told how he and H. H. Rogers tore up a receipt for their \$100,000 contribution to treasurer Cornelius N. Bliss in 1904. He said: "There was no pleasure in looking at it."

Chairman Hilles reiterated his charge that "Millions were spent to nominate Roosevelt at Chicago."

He fixed the sum at \$2,000,000 and charged George W. Perkins with being the Harvester trust. Adjournment this afternoon until Monday was planned. No session will be held next Wednesday. It was reported on that day the committee plans to go to New York to take the testimony of Wm. G. Rockefeller, who is ill and unable to come here.

Stotesbury gave his occupation as a "business banker" when sworn.

He is the head of Drexel and Company, bankers.

"I collected \$165,795 in Pennsylvania in 1904," said Stotesbury, "in the district east of Pittsburgh."

The witness presented his complete records.

All of this money was turned over to the Republican committee, the banker declared.

"I also collected \$101,057 in 1908," Stotesbury added.

Stotesbury testified that the expenditures in 1908 were \$22,392 leaving a balance of \$18,661. This was exclusively for the national campaign.

"In 1912 I gave \$25,000 to Representative McKinley," continued the millionaire. This was for the Taft cause.

"In 1904 Mr. Bliss told me he'd have to have some money. I think for New York state," added Stotesbury. "He stated if he could raise \$150,000, \$50,000 more would be given by Harriman. This conversation took place in New York."

Among the 1904 contributions to Stotesbury were: Henry Diston and Sons, \$2500; Ambassador Charlemagne Towers, \$7,500; Drexel and Co., \$50,000, Am Bethlehem Steel Co., \$5,000, Joseph A. Bromley, \$5,000, Bromley & Sons, \$5,000; Cambria Steel Co., \$5,000; U. S. Steel corporation, \$12,775; Wm. Cramp & Sons, \$1,000, Thos. Dolan, \$10,100, G. W. Elkins, \$2,500; Robert H. Foederer, \$2,500; Chas. O. Kruger, \$25,000; Midvale Steel Co., 5,000; Edwin L. Coy, \$5,000; Pennsylvania Steel Co., \$5,000; Philadelphia Electric Co., \$2,500, and the Sauquet Silk Co., \$2,500. The aggregate contributions of the Steel interests were \$34,525.

Among the 1908 contributions to Stotesbury were Drexel and Co., \$5,000; Stotesbury, \$5,000; John Bromley & Sons, \$5,000; Jos.

STEADY NERVES

A Priceless Possession but Impossible When the Blood Is Out of Order.

If you are nervous, always tired out and run down, impure blood is probably the cause. If you are pale, sleepless, irritable, have no ambition, suffer from headaches and backaches, you may be certain that the blood is at fault. Impure blood does more to hasten disease, unfit you for work and shorten life than anything else.

The man or woman whose blood is filled with impurities should remember that good, pure blood means health. Through the aid of Dr. Williams' Pink Pills for Pale People health is within your reach. They go straight to the blood, cleansing it of all impurities and giving it the elements which it lacks. For good appetite, healthy color, health and strength they have no equal. What these pills will do when given a thorough trial is shown in the case of Mr. George A. Herrick, of No. 37 Clarendon street, Boston, Mass., who says: "I recommend Dr. Williams' Pink Pills for Pale People because they helped me when nothing else did. I was taken sick and called a doctor. He said I was all run down. He doctored me for six weeks or more, but I did not improve. I had no ambition or life. My appetite was poor and I was weak and could not work. I suffered from headaches, had no color and my heart action was very poor."

"I was so nervous that the slightest thing annoyed me and so I could not sleep. I could hardly walk down town. A friend called me to the telephone one night and asked me to try Dr. Williams' Pink Pills for Pale People. Out of curiosity I bought a box. In a short time I began to improve and soon was back at work. My gain was almost beyond belief. Now I enjoy better health than I ever have and can stand exposure and hard work. I believe they are the greatest blood-builder and nerve-tonic there is."

For anemia, chlorosis, rheumatism, after-effects of the grip and fevers, stomach trouble and all forms of general debility, Dr. Williams' Pink Pills for Pale People should be given. A thorough trial, a booklet, "Building Up the Blood," which is free upon request, will show what these pills have done.

Dr. Williams' Pink Pills are sold by all druggists, or by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Bromley, \$5,000, Frank Diston, \$1,000, and James Dodson, \$2,000. The rest was in small contributions. There were several anonymous contributions of \$1,000 but very few by corporations, and none by the Steel interests.

SOCIETY

Thursday evening found a total of \$5,100 solicited in the three days of the Business Women's club campaign. Men and women of the residence districts have been contributing generously to the cause, and the workers have been stimulated by the enthusiasm of many of the citizens.

The Young Ladies' Aid Society, of Market Street Presbyterian church, held a pleasant fortnightly meeting at the home of Miss Ethel Badeau at 844 West Spring street, Wednesday afternoon. Because of the rain, the usual number of members was not present, but those who attended sewed busily, in preparing for the annual bazaar. Dainty refreshments served by the hostesses concluded the afternoon session.

The first meeting of the Sorosis club was held at the home of Mrs. George Ensen on south West street, Monday afternoon. Seventeen ladies were present, responding to roll call with vacation reminiscences. A regular business meeting occupied part of the afternoon, after which a pleasant social time and a delicious luncheon were enjoyed by all present. Miss McDowell, of Piqua, was a guest of the club.

The club will meet again next week with Mrs. Margaret Ireland.

Dr. and Mrs. J. E. Talbot have returned to their home at Linton, Ind., after an extended visit at the home of E. S. Yoakum at 905 East High street. They were accompanied by Miss Emily Yoakum.

Mr. and Mrs. J. Hammer, of 229 North West street, left Thursday, for a visit in Louisville, Ky.

Mrs. Abbie P. Crippen, of Cleveland, is a guest at the home of Mr. and Mrs. A. T. MacDonnell, of 715 West North street.

Mr. and Mrs. A. T. MacDonnell, of West North street, returned Thursday from Bolivar, N. Y.

Very Old Text-Book of Health. It is said there are 285 verses in the Old Testament and 240 in the New Testament relating to disease, sickness, their causes, treatment and prevention.

Mr. and Mrs. Guy Leach, of Columbus are at the home of Mrs. Leach's father at 225 North Washington street, called here Tuesday by the father's serious illness.

BANKER SAYS STEEL COMPANIES AIDED IN LAST FEW CAMPAIGNS

Testimony Tends to Show That Only the Departed Had Any Hand in the Big Corruption Funds

(By United Press)
Washington, Oct. 11.—Dearth of "Stars" marked the session today of the Clapp committee. The "headliners" was E. T. Stotesbury, of Philadelphia, partner of J. Pierpont Morgan, who came to divulge his alleged contribution of \$25,000 to the Taft campaign and to amplify Morgan's testimony regarding the firm's 1904 campaign donations.

Chas. Seymour Edwards, wealthy West Virginian, was another witness on today's list. He was the Bull Moose leader in his state, and is said to have contributed heavily to the progressives.

Fred W. Upham came from Chicago to disclose further details of republican contributions four years ago. Another scheduled witness was A. Arnowitz, of New York.

Today's testimony promised to be tame after the committee's stirring experiences with John D. Archbold, Standard Oil head and Chairman Hilles of the republican national committee. Archbold told how he and H. H. Rogers tore up a receipt for their \$100,000 contribution to treasurer Cornelius N. Bliss in 1904. He said: "There was no pleasure in looking at it."

Chairman Hilles reiterated his charge that "Millions were spent to nominate Roosevelt at Chicago." He fixed the sum at \$2,000,000 and charged George W. Perkins with being the Harvester trust.

Adjournment this afternoon until Monday was planned. No session will be held next Wednesday. It was reported on that day the committee plans to go to New York to take the testimony of Wm. G. Rockefeller, who is ill and unable to come here.

Stotesbury gave his occupation as a "business banker" when sworn.

He is the head of Drexel and Company, bankers.

"I collected \$165,795 in Pennsylvania in 1904," said Stotesbury, "in the district east of Pittsburgh."

The witness presented his complete records.

All of this money was turned over to the Republican committee, the banker declared.

"I also collected \$101,057 in 1908," Stotesbury added.

Stotesbury testified that the expenditures in 1908 were \$22,392 leaving a balance of \$18,661. This was exclusively for the national campaign.

"In 1912 I gave \$25,000 to Representative McKinley," continued the millionaire. This was for the Taft cause.

"In 1904 Mr. Bliss told me he'd have to have some money. I think for New York state," added Stotesbury. "He stated if he could raise \$150,000, \$50,000 more would be given by Harriman. This conversation took place in New York."

Among the 1904 contributions to Stotesbury were: Henry Diston and Sons, \$2500; Ambassador Charlemagne Towers, \$7,500; Drexel and Co., \$50,000, Am Bethlehem Steel Co., \$5,000, Joseph A. Bromley, \$5,000, Bromley & Sons, \$5,000; Cambria Steel Co., \$5,000; U. S. Steel corporation, \$12,775; Wm. Cramp & Sons, \$1,000; Thos. Dolan, \$10,100; G. W. Elkins, \$2,500; Robert H. Foederer, \$2,500; Chas. O. Kruger, \$25,000; Midvale Steel Co., 5,000; Edwin L. Coy, \$5,000; Pennsylvania Steel Co., \$5,000; Philadelphia Electric Co., \$2,500, and the Sauquet Silk Co., \$2,500. The aggregate contributions of the Steel interests were \$34,525.

Among the 1908 contributions to Stotesbury were Drexel and Co., \$5,000; Stotesbury, \$5,000; John Bromley & Sons, \$5,000; Jos.

STEADY NERVES

A Priceless Possession but Impossible When the Blood Is Out of Order.

If you are nervous, always tired out and run down, impure blood is probably the cause. If you are pale, sleepless, irritable, have no ambition, suffer from headaches and backaches, you may be certain that the blood is at fault. Impure blood does more to hasten disease, unfit you for work and shorten life than anything else.

The man or woman whose blood is filled with impurities should remember that good, pure blood means health. Through the aid of Dr. Williams' Pink Pills for Pale People health is within your reach. They go straight to the blood, cleansing it of all impurities and giving it the elements which it lacks. For good appetite, healthy color, health and strength they have no equal. What these pills will do when given a thorough trial is shown in the case of Mr. George A. Herrick, of No. 37 Clarendon street, Boston, Mass., who says: "I recommend Dr. Williams' Pink Pills for Pale People because they helped me when nothing else did. I was taken sick and called a doctor. He said I was all run down. He doctored me for six weeks or more, but I did not improve. I had no ambition or life. My appetite was poor and I was weak and could not work. I suffered from headaches, had no color and my heart action was very poor."

"I was so nervous that the slightest thing annoyed me and so I could not sleep. I could hardly walk down town. A friend called me to the telephone one night and asked me to try Dr. Williams' Pink Pills for Pale People. Out of curiosity I bought a box. In a short time I began to improve and soon was back at work. My gain was almost beyond belief. Now I enjoy better health than I ever have and can stand exposure and hard work. I believe they are the greatest blood-builder and nerve-tonic there is."

For anemia, chlorosis, rheumatism, after-effects of the grip and fevers, stomach trouble and all forms of general debility, Dr. Williams' Pink Pills for Pale People should be given. A thorough trial, a booklet, "Building Up the Blood," which is free upon request, will show what these pills have done.

Dr. Williams' Pink Pills are sold by all druggists, or by mail, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Bromley, \$5,000, Frank Diston, \$1,000, and James Dodson, \$2,000. The rest was in small contributions. There were several anonymous contributions of \$1,000 but very few by corporations, and none by the Steel interests.

SOCIETY

Thursday evening found a total of \$5,100 solicited in the three days of the Business Women's club campaign. Men and women of the residence districts have been contributing generously to the cause, and the workers have been stimulated by the enthusiasm of many of the citizens.

The Young Ladies' Aid Society, of Market Street Presbyterian church, held a pleasant fortnightly meeting at the home of Miss Ethel Badesan at 844 West Spring street, Wednesday afternoon. Because of the rain, the usual number of members was not present, but those who attended sewed busily, in preparing for the annual bazaar. Dainty refreshments served by the hostesses concluded the afternoon session.

The first meeting of the Sorosis club was held at the home of Mrs. George Ensen on south West street, Monday afternoon. Seventeen ladies were present, responding to roll call with vacation reminiscences. A regular business meeting occupied part of the afternoon, after which a pleasant social time and a delicious luncheon were enjoyed by all present. Miss McDowell, of Piqua, was a guest of the club.

The club will meet again next week with Mrs. Margaret Ireland.

Dr. and Mrs. J. E. Talbot have returned to their home at Linton, Ind., after an extended visit at the home of E. S. Yoakum at 905 East High street. They were accompanied by Miss Emily Yoakum.

Mr. and Mrs. J. Hammer, of 229 North West street, left Thursday, for a visit in Louisville, Ky.

Mrs. Abbie P. Crippen, of Cleveland, is a guest at the home of Mr. and Mrs. A. T. MacDonnell, of 715 West North street.

Mr. and Mrs. A. T. MacDonnell, of West North street, returned Thursday from Bolivar, N. Y.

Very Old Text-Book of Health. It is said there are 285 verses in the Old Testament and 240 in the New Testament relating to disease, sickness, their causes, treatment and prevention.

Mr. and Mrs. Guy Leach, of Columbus are at the home of Mrs. Leach's father at 225 North Washington street, called here Tuesday by the father's serious illness.

GIRL WAS MURDERED TO COVER THE CRIME OF A SUICIDE PACT

Theory Advanced by Authorities of Evansville--
Body of the Victim Positively Identified
as That of Missing Lima Girl--
Four Arrests Made.

The body of the fifteen year old girl who was found murdered in a resort at Evansville, Ind., has been positively identified as that of Jessie McCune, better known as Jessie DeLong, who had been missing from this city since August 18, and is now in Lima Juvenile Court. Officer Thomas Phalen, who left this city for Evansville, Wednesday, accompanied by Undertaker F. C. White, returned here Friday morning on an early train, bringing the body with them. The remains were taken to the Whitley morgue, on east North street, where they were viewed by hundreds of people during the day and where they were seen by the mother, Mrs. Charles DeLong, of west Wayne street, and were instantly recognized. The stepfather, Charles DeLong, who visited Evansville earlier in the week and failed to identify the body, is now convinced that the remains are those of the missing wayward child and seems at a loss to account for his failure to identify the body while he was in the Indiana city. Juvenile Court Officer Phalen, whose ward the girl had been for some time prior to her departure from the city, had no difficulty in identifying the remains on his arrival at Evansville and soon learned the story of her trip to that city and of the theory that is entertained by the authorities there as to the manner in which the crime was committed and the motive.

LEFT WITH 101 RANCH.
Jessie McCune left Lima on the night of August 18, boarding one of the trains which carried the "101 Ranch" wild west show out of this city. She had been a wayward girl for some time, although only fifteen years of age and had been made a ward of the juvenile court with the hope of reformation. When the wild west show was here however, she fell into company with some of the attaches of the show and was lured away on one of the trains. She followed the show for several days and then found her way into Cincinnati, where she went aboard a river boat, said to have been a "red barge," and went to Evansville. A river man who has given his name as William Fullerton met her about the river front at Evansville and took her to a white slave resort in that city, where she entered upon the life of an inmate of the place.

According to a story told by one of the other inmates of the place who is now a prisoner in the jail at Evansville, a girl named Marshall, who entered the resort about the same time Jessie did, became popular among the frequenters of the dive, causing jealous hatred to arise in the heart of an older inmate of the place who had been there for some time. One night when Jessie was in the presence of the two women, the jealous one persuaded the Marshall girl to enter into a suicide pact with her. They agreed to each drink a quantity of poison and the pact was carried out so far as the Marshall girl was concerned but the older woman managed to switch the drinks about in such manner that the other received both doses of the fatal drug. She became ill and was taken to a hospital where she was reported to be dying and the other inmates of the house were sent for. When they entered the room of the dying woman she accused the older woman, who is known as Elsie Ligon, of having contrived to bring about her death.

STRANGLED TO DEATH.
While en route back to the resort from the hospital the Ligon woman is alleged to have told another girl named Miles that Jessie knew too much about the supposed suicide pact and would have to be disposed of. Next morning, according to the story told, the Ligon woman entered Jessie's room and asked her what she knew about the suicide. Jessie replied that she knew all about it and intimated that she intended to tell what she knew. Thereupon the older woman attacked her and holding her down in bed forced a handkerchief into her mouth and then forced it far down into her throat with a lead pencil, the helpless girl dying in a few minutes from strangulation.

After the victim had ceased to struggle, the other two girls returned to their rooms, but later pretended to find the lifeless body by accident and gave an alarm. When the coroner arrived on the scene he was unable to discover at once the cause of death and the Ligon woman is alleged to have suggested that probably she had a handkerchief in her mouth. The fatal handkerchief was then found and it was found to be so deeply forced into the victim's throat that it was necessary at the post mortem to make incision in the dead girl's throat in order to remove the handkerchief.

IS READY TO CONFESS.
This story of the crime was freely told to the Lima men by one of the girls now imprisoned at Evansville and she stated that she is ready to make a complete confession of all she knows about the two crimes.

The woman who conducted the white slave resort, the two women

who were inmates and the man who enticed Jessie McCune to the place are all under arrest, the man being charged with white slave traffic. The two girls are charged with murder and the woman who conducted the resort is charged with white slave trafficking.

According to Jessie McCune's mother, Mrs. DeLong, the girl was fifteen years and two months of age. She was murdered on the morning of Sunday, September 29, and the authorities of Evansville had given up hope of being able to establish the identity of the victim and were preparing to bury the remains in the potter's field when Officer Phalen arrived and identified the body.

To make positive the identity of the murdered girl, Officer Phalen, accompanied by the chief of the police department of Evansville visited the house in which the murder had been committed and there found a black skirt which the girl had worn when she left Lima. The girl's mother identified the skirt as one that had been purchased in a north Main street store and had been hemmed up at the bottom, it being too long for the wearer.

The funeral of the victim will be held Monday from the home of the mother and stepfather, on west Wayne street, between Main and Elizabeth streets, Monday.

GIRL WAS MURDERED TO COVER THE CRIME OF A SUICIDE PACT

Theory Advanced by Authorities of Evansville--
Body of the Victim Positively Identified
as That of Missing Lima Girl--
Four Arrests Made.

The body of the fifteen year old girl who was found murdered in a resort at Evansville, Ind., has been positively identified as that of Jessie McCune, better known as Jessie DeLong, who had been missing from this city since August 18, and is now in Lima Juvenile Court. Officer Thomas Phalen, who left this city for Evansville, Wednesday, accompanied by Undertaker F. C. White, returned here Friday morning on an early train, bringing the body with them. The remains were taken to the Whitley morgue, on east North street, where they were viewed by hundreds of people during the day and where they were seen by the mother, Mrs. Charles DeLong, of west Wayne street, and were instantly recognized. The stepfather, Charles DeLong, who visited Evansville earlier in the week and failed to identify the body, is now convinced that the remains are those of the missing wayward child and seems at a loss to account for his failure to identify the body while he was in the Indiana city. Juvenile Court Officer Phalen, whose ward the girl had been for some time prior to her departure from the city, had no difficulty in identifying the remains on his arrival at Evansville and soon learned the story of her trip to that city and of the theory that is entertained by the authorities there as to the manner in which the crime was committed and the motive.

LEFT WITH 101 RANCH.
Jessie McCune left Lima on the night of August 18, boarding one of the trains which carried the "101 Ranch" wild west show out of this city. She had been a wayward girl for some time, although only fifteen years of age and had been made a ward of the juvenile court with the hope of reformation. When the wild west show was here however, she fell into company with some of the attaches of the show and was lured away on one of the trains. She followed the show for several days and then found her way into Cincinnati, where she went aboard a river boat, said to have been a "red barge," and went to Evansville. A river man who has given his name as William Fullerton met her about the river front at Evansville and took her to a white slave resort in that city, where she entered upon the life of an inmate of the place.

According to a story told by one of the other inmates of the place who is now a prisoner in the jail at Evansville, a girl named Marshall, who entered the resort about the same time Jessie did, became popu-

lar among the frequenters of the dive, causing jealous hatred to arise in the heart of an older inmate of the place who had been there for some time. One night when Jessie was in the presence of the two women, the jealous one persuaded the Marshall girl to enter into a suicide pact with her. They agreed to each drink a quantity of poison and the pact was carried out so far as the Marshall girl was concerned but the older woman managed to switch the drinks about in such manner that the other received both doses of the fatal drug. She became ill and was taken to a hospital where she was reported to be dying and the other inmates of the house were sent for. When they entered the room of the dying woman she accused the older woman, who is known as Elsie Ligon, of having contrived to bring about her death.

STRANGLED TO DEATH.
While en route back to the resort from the hospital the Ligon woman is alleged to have told another girl named Miles that Jessie knew too much about the supposed suicide pact and would have to be disposed of. Next morning, according to the story told, the Ligon woman entered Jessie's room and asked her what she knew about the suicide. Jessie replied that she knew all about it and intimated that she intended to tell what she knew. Thereupon the older woman attacked her and holding her down in bed forced a handkerchief into her mouth and then forced it far down into her throat with a lead pencil, the helpless girl dying in a few minutes from strangulation.

After the victim had ceased to struggle, the other two girls returned to their rooms, but later pretended to find the lifeless body by accident and gave an alarm. When the coroner arrived on the scene he was unable to discover at once the cause of death and the Ligon woman is alleged to have suggested that probably she had a handkerchief in her mouth. The fatal handkerchief was then found and it was found to be so deeply forced into the victim's throat that it was necessary at the post mortem to make incision in the dead girl's throat in order to remove the handkerchief.

IS READY TO CONFESS.
This story of the crime was freely told to the Lima men by one of the girls now imprisoned at Evansville and she stated that she is ready to make a complete confession of all she knows about the two crimes.

The Gold Dust Twins' Philosophy

If you have ever fumed and fussed, because of dirt and grime and rust, and said unto yourself, "Oh, dear! This household work will kill, I fear"—then it is time that you should find some other method far more kind.

Of all the woes a housewife bears, one always fills her day with cares: The kitchen after-meal-time muss, is quite enough to make one fuss. What, with the pots and pails and pans, the knives and forks and plates and cans, no task of man, however grim, the half as mean is handed him.

Two little willing workers aim to enter in this household game: their job, the lessening of work, a task that neither of them shrink. With active little hands and brains they grab the irksome household reins, till soon each kettle, pot or dish, is just as bright as you could wish. And not until the chores are done, from sink to silver, sun to sun, could anything inspire the two, to drop the tasks they have to do.

Therefore, if you have never known, assistance such as we have shown, your troubles end, where joy begins. Now, Mrs. Drudge, the Gold Dust Twins! Henceforth, as dishes congregate, when cutlery, in sad array, awaits you at the close of day—"Cheer Up!" Forget the labor planned: You have two aids at your command.

The Gold Dust Twins

who were inmates and the man who enticed Jessie McCune to the place are all under arrest, the man being charged with white slave traffic. The two girls are charged with murder and the woman who conducted the resort is charged with white slave trafficking.

According to Jessie McCune's mother, Mrs. DeLong, the girl was fifteen years and two months of age. She was murdered on the morning of Sunday, September 29, and the authorities of Evansville had given up hope of being able to establish the identity of the victim and were preparing to bury the remains in the potter's field when Officer Phalen arrived and identified the body.

To make positive the identity of the murdered girl, Officer Phalen, accompanied by the chief of the police department of Evansville visited the house in which the murder had been committed and there found a black skirt which the girl had worn when she left Lima. The girl's mother identified the skirt as one that had been purchased in a north Main street store and had been hemmed up at the bottom, it being too long for the wearer.

The funeral of the victim will be held Monday from the home of the mother and stepfather, on west Wayne street, between Main and Elizabeth streets, Monday.

SUNDAY SCHOOL WORKERS ELECT THEIR OFFICERS

an address on "Presenting the Lesson."
It is expected that the Market Street Presbyterian church will be filled with women and girls tonight to hear her speak on "Birds of a Feather." This meeting will be open to all who may wish to attend. The meeting will begin at 7:15 with song service led by Mr. Fred Calvert with Miss Gear Harter at the organ. The meeting will be in charge of Mrs. F. H. Creps.
Prof. John Davison spoke last evening on "The Relation of Sunday School to Government" taking the place of Prof. Jesse Beer, of Ada, who was to have spoken on the same subject, but was detained on account of illness. Prof. Davison gave a masterly address which was fully appreciated by all. Many of the churches dismissed their prayer meetings and Trinity was packed.
A small number enjoyed the "Quiet Season" at six o'clock this morning led by Rev. E. M. Counsellor. The crowd was mostly conspicuous by its absence. The service was inspirational, devotional and spiritual.
This morning's session was devoted to business, the roll call of townships and the awards of honor, the report of the nominating committee and the election of officers for the ensuing year.
At 10:00, Mr. C. W. Shinn, the State Secretary of the Sunday school Association spoke on "The Tragedy of Adolescence" that period of the "teens" so full of tragedy, so full of opportunity.
This evening Dr. H. W. Kellogg, of Columbus, will talk to men and boys at Trinity on "The Worth of a Boy." All men are invited to join the parade which will leave the Y. M. C. A. at seven o'clock. This parade will be in charge of C. A. Graham, B. F. Welty and C. V. Stevens.
The evening session will close the convention.

The showers of refreshing rain did not prevent a large attendance at the first day's session of the 36th Annual Convention of the Allen County Sunday School Association at Trinity M. E. church, yesterday.
A great many of the out-of-town delegates were in for the opening session at 9:30, but they kept coming all day. Fully four hundred different delegates have enrolled, many of them being in attendance at all sessions.
The song service at each session was in charge of Prof. Mark Evans with Miss Rudy at the organ. The scripture was read by Rev. H. J. Jewett of Grace M. E. at the morning service, Rev. W. E. Ward, of Elida, at the afternoon service, and by G. C. Schaub of the Spring Street Lutheran in the evening.
Rev. M. B. Fuller's address on "The Sunday School and the Church" was timely, and Rev. F. A. Stiles' address, on "Wheels or Wings" was appreciated by all. He gave vivid pictures of the contrast between the old system of Sunday school teaching and the modern, up-to-date method of the "graded" school.
Miss Edna Earle Cole, of Barnesville, in her liminal way addressed her subject on "Story Telling" giving practical methods as well as rules to follow in telling stories. Her address on "Some Wild Animals I Have Known" (with apologies to Ernest Thomas Seton) captivated the audience as she described the characters, inclinations and development of some of the youngsters that she has dealt with in school work. Her conference yesterday on the "Graded Lessons" was full of suggestion. This morning she gave

an address on "Presenting the Lesson."
It is expected that the Market Street Presbyterian church will be filled with women and girls tonight to hear her speak on "Birds of a Feather." This meeting will be open to all who may wish to attend. The meeting will begin at 7:15 with song service led by Mr. Fred Calvert with Miss Gear Harter at the organ. The meeting will be in charge of Mrs. F. H. Creps.
Prof. John Davison spoke last evening on "The Relation of Sunday School to Government" taking the place of Prof. Jesse Beer, of Ada, who was to have spoken on the same subject, but was detained on account of illness. Prof. Davison gave a masterly address which was fully appreciated by all. Many of the churches dismissed their prayer meetings and Trinity was packed.
A small number enjoyed the "Quiet Season" at six o'clock this morning led by Rev. E. M. Counsellor. The crowd was mostly conspicuous by its absence. The service was inspirational, devotional and spiritual.
This morning's session was devoted to business, the roll call of townships and the awards of honor, the report of the nominating committee and the election of officers for the ensuing year.
At 10:00, Mr. C. W. Shinn, the State Secretary of the Sunday school Association spoke on "The Tragedy of Adolescence" that period of the "teens" so full of tragedy, so full of opportunity.
This evening Dr. H. W. Kellogg, of Columbus, will talk to men and boys at Trinity on "The Worth of a Boy." All men are invited to join the parade which will leave the Y. M. C. A. at seven o'clock. This parade will be in charge of C. A. Graham, B. F. Welty and C. V. Stevens.
The evening session will close the convention.

(City United Press)
New York, Oct. 11.—A circumstantial report that "Lefty Louie" Rosenberg and Dago Frank Crofci had sent word to the district attorney that they were willing to confess was circulated about the criminal courts building. Thomas Ryan, the chauffeur who drove the taxicab used by officers in pursuing the murder car, testified that one man did the shooting but when asked by assistant district attorney Moss whether he had seen the individual since, answered no.
The four alleged gunmen were brought into court but Ryan positively refused to identify them and Moss failed to get him to admit that he had been threatened with death if he told what he knew.

LAYMAN'S MEETING HAS BEEN POSTPONED

At a meeting Thursday afternoon of the Lima executive committee in charge of the Ohio and northeastern Michigan Laymen's Missionary Convention to be held in this city, a decision was reached whereby the convention was postponed until March 6 and 7th. It was originally intended to hold the meet here on November 24 and 25th. Postponement was decided upon, however, because of the fact that there are several pulpits vacant in this city, and members of the committee prefer to await the call of a full corps of pastors before the convention is attempted.
C. W. Hensel, of Detroit, national secretary of the movement, was present at Thursday's conference. Members of the executive committee are Harry Thomas, chairman, Frank E. Eberhart and Rev. Stiles.

GOMPERS IS MIXED UP IN DYNAMITING

Indianapolis, Oct. 11.—Over vigorous objections by the defense the government today succeeded in bringing the name of Samuel Gompers, president of the American Federation of Labor into the dynamite conspiracy trial of the 45 iron workers.
Frank Schilling, a St. Louis hotel clerk, was allowed to testify that Gompers was at the now closed Southern hotel in that city when Olaf A. Tveitmo, of San Francisco, secretary of the California building trades council, was a guest in the hotel. Tveitmo called by the prosecution the "old man" and "the paymaster of the coast" and Gompers met in St. Louis November 27, 1908, according to the testimony.

LIMA SLEUTH

CAPTURES A CRIMINAL BY SHOOTING HIM IN FOOT.

Robert Broughman, a criminal character well known to Lima police authorities, was shot and captured at Tipton, Indiana, Thursday afternoon by R. O. Emerson, of this city, a fireman employed on the Lake Erie and Western railway. Together with four other prisoners Broughman escaped from the Ft. Leavenworth, Kansas, prison early

this week. Police of Illinois, Ohio and Indiana were asked to keep a watch for him. Emerson, who does special detective work for the company aside from his regular duties as fireman, came across Broughman near Tipton, Thursday afternoon. Ordering the criminal to accompany him, Broughman refused and made a dash for liberty. Emerson drew a gun and shot him in the foot. A revolver and a kit of burglar's tools were found upon him.

Broughman is the man who aided Henry Mann, bicycle thief, in his escape from the Hartford City county jail several weeks ago. Mann was captured in this city with the assistance of Emerson.

Original Amen Corner.

The origin of the name "Amen corner" is interesting and throws a pleasant light on English Catholicism of the days before the apostasy of Henry VIII. Each year on the feast of Corpus Christi the faithful went in procession to St. Paul's cathedral. Mustering in Cheapside, the procession moved toward the cathedral, the clergy chanting the "Our Father" as they passed along the street still called Paternoster row, reaching the "Amen" as they turned the corner known for years as Amen corner.—Ave Maria.

HORSE THIEF

ADMITS GUILT BUT SAYS HE WAS IN "HARD LINES."

Admitting that he had stolen a livery outfit, that he was sorry, but vindicating the theft by the statement that he was "up agin' it," William McDonald, 35, captured at Union City, Indiana, Thursday after he had taken a horse and rig belonging to Byron Shappell, Hume farmer, from the public square, pleaded guilty when arraigned before Mayor Shook Friday morning on a grand larceny charge and was held to the grand jury. McDonald could not furnish bond of \$500 as fixed by the mayor. He was committed to the county jail where he will await final disposition.

Chief Vermillion returned from Union City, Thursday evening with McDonald. The outfit was taken from the public square, Tuesday afternoon. McDonald said he was "hard up," out of a job, and took the first horse and buggy he came across.

NOTED EVANGELIST

Is in the City to Address Meetings at the Y. M. C. A.

One of the most distinguished Presbyterian evangelistic workers in the country is in Lima, today. He is the Rev. George Gordon Mahy, of Philadelphia. Rev. Mahy arrived in Lima Friday morning at the Olivet Presbyterian church and a Sunday afternoon service at the Y. M. C. A.

Rev. Mahy is from Philadelphia. For twenty years he was general secretary of the city Y. M. C. A. at Scranton, Pa. Upon the resignation of Dr. J. Wilbur Chapman, from the leadership of the evangelistic work of the Presbyterian church in the United States, Rev. Mahy was appointed by the general assembly of that denomination to take his place, a position which he has since held. Rev. Mahy comes to Lima direct from the Ohio Synod which he addressed yesterday. He will speak at the men's meeting at the Y. M. C. A. building Sunday afternoon on the subject of "Real Life" and will also speak at the morning and evening service of Olivet Presbyterian church.

Rev. Mahy is quartered at the Lima House.

PIMPLY? WELL DON'T BE!

People Notice It. Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels; there's never any sickness or pain after taking them. Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. 10c and 25c per box.

LIMA SLEUTH

CAPTURES A CRIMINAL BY SHOOTING HIM IN FOOT.

Robert Broughman, a criminal character well known to Lima police authorities, was shot and captured at Tipton, Indiana, Thursday afternoon by R. O. Emerson, of this city, a fireman employed on the Lake Erie and Western railway. Together with four other prisoners Broughman escaped from the Ft. Leavenworth, Kansas, prison early

this week. Police of Illinois, Ohio and Indiana were asked to keep a watch for him. Emerson, who does special detective work for the company aside from his regular duties as fireman, came across Broughman near Tipton, Thursday afternoon. Ordering the criminal to accompany him, Broughman refused and made a dash for liberty. Emerson drew a gun and shot him in the foot. A revolver and a kit of burglar's tools were found upon him.

Broughman is the man who aided Henry Mann, bicycle thief, in his escape from the Hartford City county jail several weeks ago. Mann was captured in this city with the assistance of Emerson.

Original Amen Corner.

The origin of the name "Amen corner" is interesting and throws a pleasant light on English Catholicity of the days before the apostasy of Henry VIII. Each year on the feast of Corpus Christi the faithful went in procession to St. Paul's cathedral. Mustering in Cheapside, the procession moved toward the cathedral, the clergy chanting the "Our Father" as they passed along the street still called Paternoster row, reaching the "Amen" as they turned the corner known for years as Amen corner.—Ave Maria.

HORSE THIEF

ADMITS GUILT BUT SAYS HE WAS IN "HARD LINES."

Admitting that he had stolen a livery outfit, that he was sorry, but vindicating the theft by the statement that he was "up agin' it," William McDonald, 35, captured at Union City, Indiana, Thursday after he had taken a horse and rig belonging to Byron Shappell, Hume farmer, from the public square, pleaded guilty when arraigned before Mayor Shook Friday morning on a grand larceny charge and was held to the grand jury. McDonald could not furnish bond of \$500 as fixed by the mayor. He was committed to the county jail where he will await final disposition.

Chief Vermillion returned from Union City, Thursday evening with McDonald. The outfit was taken from the public square, Tuesday afternoon. McDonald said he was "hard up," out of a job, and took the first horse and buggy he came across.

NOTED EVANGELIST

Is in the City to Address Meetings at the Y. M. C. A.

One of the most distinguished Presbyterian evangelistic workers in the country is in Lima, today. He is the Rev. George Gordon Mahy, of Philadelphia. Rev. Mahy arrived in Lima Friday morning at the Olivet Presbyterian church and a Sunday afternoon service at the Y. M. C. A.

Rev. Mahy is from Philadelphia. For twenty years he was general secretary of the city Y. M. C. A. at Scranton, Pa. Upon the resignation of Dr. J. Wilbur Chapman, from the leadership of the evangelistic work of the Presbyterian church in the United States, Rev. Mahy was appointed by the general assembly of that denomination to take his place, a position which he has since held. Rev. Mahy comes to Lima direct from the Ohio Synod which he addressed yesterday. He will speak at the men's meeting at the Y. M. C. A. building Sunday afternoon on the subject of "Real Life" and will also speak at the morning and evening service of Olivet Presbyterian church.

Rev. Mahy is quartered at the Lima House.

PIMPLY? WELL DON'T BE!

People Notice It. Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel—they oil the bowels; there's never any sickness or pain after taking them. Olive Tablets do all that calomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. 10c and 25c per box.

Believes This Will "Cure Lung Troubles"

Consumption is a flattering disease—that is one of its chief dangers. Those who have it are rarely willing to acknowledge the fact. If this trouble is present, it is no time for trifling. Bowling Green, Ky., R. No. 4
"Gentlemen: I wish to say for your Alternative that I believe it to be a medicine of unequalled value for all Bronchial and Lung trouble. The Spring of 1908, I had a severe cough for six months. I tried all the medicine that my doctors recommended to me, but no results came for the better. I had night sweats, and would cough and spit until I got so weak I could hardly do anything. But, at last, James Deering, of Glasgow Junction, insisted that I try your medicine. In one week's time there was quite an improvement in my condition, and after I had taken several bottles, I felt as well as ever in my life.

Country Without Manufactures.

Tale of the Sea.

Seafaring people can generally quote plenty of instances to show how ill luck dogs a captain once it has claimed him. I know of many such (writes H. W.), but the most curious case is connected with a small island or large rock in the Mediterranean. There is, or was, according to report, a man living on it. He had a goat which fed on the very limited verdure of the place, and from goatsmoke he made himself a hut. The crews of passing ships would point out the smoke from his fire, though I confess I never could discern it myself. The story is that he was a ship's captain who was twice wrecked on this lonely place and rescued by passing vessels. One night he found his vessel piled up for the third time. His disgust was not lessened to find it was the same rock. His crew were rescued as before, but the captain refused to leave. He said it was no use. Fate would only send him back again, so he would stay where he was. I have sailed the Mediterranean in many different ships, but the story has always been told without variation.—Manchester Guardian.

FAMOUS FOR BEAUTY OF HER HAIR

Mrs. Esther Emery Has Hair Which Reaches to Her Knees. Was Once Threatened with Baldness. Tells How She Made New Hair Grow.

"People say I have the most beautiful hair in the world," says Mrs. Esther Emery, now visiting in the city. "I don't know about that, but certainly I am proud of my hair, for it has grown so in just twelve short months 'til now it reaches my knees. Last year it was anything but beautiful. I thought I was growing bald. A year ago my hair was thin and scraggly and coming out at an alarming rate. Little bald spots appeared all over my scalp, which was covered with dandruff and itched like fury all the time. I cannot tell you how many hair tonics I tried to save my hair and make it grow again. Some of them helped by taking out the dandruff for a while, but it came right back again and my hair grew thinner than ever.

"My success is no secret and I think that any man or woman can do the same with their hair, if they will persevere as I have done. A friend, knowing my condition, sent me a clipping from the New York Herald which advised people who were growing bald to use a prescription consisting of 6 oz Bay Rum, 2 oz Lavender (de Composee) and 1/2 dr. of Menthol Crystals. I got these things from my druggists and mixed them myself. I allowed the preparation to stand several hours before using. Then I applied it each night and morning, rubbing right into my scalp with the finger tips till the skin fairly glowed. The results were immediate. When I combed my hair next morning only a few straggling hairs came away. Instead of the handful I was accustomed to gather, the dandruff left me this time for good, for I have never seen a speck on my head since. In less than a week tiny little buds appeared all over my scalp and these grew so rapidly that I looked like a different woman. They have kept right on growing until they are as you see them now. A physician has told me that Lavender contains the pure juice of a rare South American shrub that possesses marvelous qualities for forcing a growth of hair and certainly after my own experience I can well believe it. Did I use more than the first treatment? Oh, certainly I am using it today. I go to any drug store and have 8 oz put up at a time. It lasts about a month and costs very little. I'm not going to stop anyway until my hair reaches the floor."

NINE ORE CARS GO INTO DITCH IN SOUTH LIMA

FREIGHT WRECK DELAYS TRAFFIC ON C. H. & D. RAILROAD

The spreading of a track was the cause of a bad freight wreck which occurred on the C. H. & D. road near the Erie junction on the south side Thursday evening. A south bound freight train, the cars of which were loaded with iron ore, was pulling through a siding and out onto the main track when a rail turned under the weight of one of the cars and before the train could be brought to a stop, nine of the "loads" were piled up in the ditch.

A wreck train was sent to the scene of the accident and after an all-night's work, the wreck was cleared. No serious delay to traffic resulted. Friday morning a serious rear-end collision occurred on the Nickel Plate road between the stations of Leipsic Junction and Miller City a passenger train crashing into the rear end of a stalled freight. On account of the wreck blocking the track, trains on the Nickel Plate were detained around the wreck, over the C. H. & D. and B. & O. roads, via Deshler.

Announcement

We have located a permanent institute in Lima.

We desire to secure a few cases in each community within 100 miles of this city. We want these few cases at once for advertising purposes. We want those cases that are incurable by ordinary methods. We want to prove what the United System will do. To get these cases we are going to make the following

Free Offer

Until October 31st, we will give free examination and free consultation to all comers. Those cases which are curable will be accepted for treatment absolutely free of charge, except for the medicine used.

We treat diseases of the Nerves, Blood, Skin, Heart, Liver, Stomach, Kidneys and Bladder, including Rheumatism, Paralysis, Goitre, Constipation, Catarrhs, Epilepsy, Indigestion, Dyspepsia, Weak Back, Bloating, Dropsy, Eczema, Scrofula, Diseases of Women and Diseases of Men.

We make no failures—we can't afford to. We accept for treatment only curable cases and take no money from those that are incurable.

To prove to you that chronic Diseases are our life study, and that we know the human body to the most minute detail we will undertake to diagnose any case, in a few minutes, describing every ache and pain, without asking the patient a single question. To aid us in diagnosis we have instruments of our own, used by no other doctors.

If you have any chronic or long standing trouble call at once and take advantage of this grand free offer.

Selfish Philosophy.
"You can be a great hero," said the campaign adviser, "by standing aside and letting someone else have the office you wanted." "Yes," replied the energetic candidate. "But the other fellow will get all the medals and applause. What's the use of being an anonymous hero?"

Country Without Manufactures.
Panama has practically no manufactures. The principal exports are bananas, coconuts, hides and skins, ivory, nuts, rubber and hardwood, of which the United States receives the greater portion. More than half of the imports are furnished by the United States and consist chiefly of foodstuffs, textiles and hardware.

Tale of the Sea.

Seafaring people can generally quote plenty of instances to show how ill luck dogs a captain once it has claimed him. I know of many such (writes H. W.), but the most curious case is connected with a small island or large rock in the Mediterranean. There is, or was, according to report, a man living on it. He had a goat which fed on the very limited verdure of the place, and from goatsm he made himself a hut. The crews of passing ships would point out the smoke from his fire, though I confess I never could discern it myself. The story is that he was a ship's captain who was twice wrecked on this lonely place and rescued by passing vessels. One night he found his vessel piled up for the third time. His disgust was not lessened to find it was the same rock. His crew were rescued as before, but the captain refused to leave. He said it was no use. Fate would only send him back again, so he would stay where he was. I have sailed the Mediterranean in many different ships, but the story has always been told without variation.—Manchester Guardian.

FAMOUS FOR BEAUTY OF HER HAIR

Mrs. Esther Emery Has Hair Which Reaches to Her Knees. Was Once Threatened with Baldness. Tells How She Made New Hair Grow.

"People say I have the most beautiful hair in the world," says Mrs. Esther Emery, now visiting in the city. "I don't know about that, but certainly I am proud of my hair, for it has grown so in just twelve short months 'til now it reaches my knees. Last year it was anything but beautiful. I thought I was growing bald. A year ago my hair was thin and scraggly and coming out at an alarming rate. Little bald spots appeared all over my scalp, which was covered with dandruff and itched like fury all the time. I cannot tell you how many hair tonics I tried to save my hair and make it grow again. Some of them helped by taking out the dandruff for a while, but it came right back again and my hair grew thinner than ever.

"My success is no secret and I think that any man or woman can do the same with their hair, if they will persevere as I have done. A friend, knowing my condition, sent me a clipping from the New York Herald which advised people who were growing bald to use a prescription consisting of 6 oz Bay Rum, 2 oz Lavender (de Composee) and 1/2 dr. of Menthol Crystals. I got these things from my druggists and mixed them myself. I allowed the preparation to stand several hours before using. Then I applied it each night and morning, rubbing right into my scalp with the finger tips till the skin fairly glowed. The results were immediate. When I combed my hair next morning only a few straggling hairs came away. Instead of the handful I was accustomed to gather, the dandruff left me this time for good, for I have never seen a speck on my head since. In less than a week tiny little buds appeared all over my scalp and these grew so rapidly that I looked like a different woman. They have kept right on growing until they are as you see them now. A physician has told me that Lavender contains the pure juice of a rare South American shrub that possesses marvelous qualities for forcing a growth of hair and certainly after my own experience I can well believe it. Did I use more than the first treatment? Oh, certainly I am using it today. I go to any drug store and have 8 oz put up at a time. It lasts about a month and costs very little. I'm not going to stop anyway until my hair reaches the floor."

Correct Fall Styles in High Grade Corsets

The first essential to perfect costuming is the choosing of a correct corset. The new Fall and Winter models are very modish, and include a range of styles from which every figure can be fitted perfectly. Flexibility, suppleness, straight, narrow silhouette lines—these are the features of the new Fall styles; and with one of these new models the graceful natural lines of one's figure are wonderfully enhanced.

Announcement

We have located a permanent institute in Lima.

We desire to secure a few cases in each community within 100 miles of this city. We want these few cases at once for advertising purposes. We want those cases that are incurable by ordinary methods. We want to prove what the United System will do. To get these cases we are going to make the following

Free Offer

Until October 31st, we will give free examination and free consultation to all comers. Those cases which are curable will be accepted for treatment absolutely free of charge, except for the medicine used.

We treat diseases of the Nerves, Blood, Skin, Heart, Liver, Stomach, Kidneys and Bladder, including Rheumatism, Paralysis, Goitre, Constipation, Catarrhs, Epilepsy, Indigestion, Dyspepsia, Weak Back, Bloating, Dropsy, Eczema, Scrofula, Diseases of Women and Diseases of Men.

We make no failures—we can't afford to. We accept for treatment only curable cases and take no money from those that are incurable.

To prove to you that chronic Diseases are our life study, and that we know the human body to the most minute detail we will undertake to diagnose any case, in a few minutes, describing every ache and pain, without asking the patient a single question. To aid us in diagnosis we have instruments of our own, used by no other doctors.

If you have any chronic or long standing trouble call at once and take advantage of this grand free offer.

NINE ORE CARS GO INTO DITCH IN SOUTH LIMA

FREIGHT WRECK DELAYS TRAFFIC ON C. H. & D. RAILROAD

The spreading of a track was the cause of a bad freight wreck which occurred on the C. H. & D. road near the Erie junction on the south side Thursday evening. A south bound freight train, the cars of which were loaded with iron ore, was pulling through a siding and out onto the main track when a rail turned under the weight of one of the cars and before the train could be brought to a stop, nine of the "loads" were piled up in the ditch.

A wreck train was sent to the scene of the accident and after an all-night's work, the wreck was cleared. No serious delay to traffic resulted. Friday morning a serious rear-end collision occurred on the Nickel Plate road between the stations of Leipsic Junction and Miller City a passenger train crashing into the rear end of a stalled freight. On account of the wreck blocking the track, trains on the Nickel Plate were detained around the wreck, over the C. H. & D. and B. & O. roads, via Deshler.

REGISTRATION

WAS MUCH HEAVIER ON THURSDAY THAN ON THE FIRST DAY THIS YEAR.

Thursday was the second day of registration for this year and the voters were out in much greater numbers than on the first day, a week ago. In most of the precincts of the city the registrars were kept busy throughout the day, especially during the hours that the places of registration were open after the supper hour.

Easy to Get Rid of Corns THIS WAY

"GETS-IT" the New Corn Cure. Guaranteed.

"Corns Gone! GETS-IT Got 'Em!"

"GETS-IT" is the new-plain corn cure that will surely surprise you the very first time you use it. It is so simple, painless, quick and sure in its action.

It shrivels up the corn, wart, callous or bunion, separates them from the true flesh, the corn comes off, and there you are, with feet that feel positively glorious; corn-free once more as they used to be in your "barefoot days."

The most remarkable feature is that "GETS-IT" does not harm or turn raw the healthy flesh as other preparations do. It is as safe as water. No more plasters, bandages, or salves.

"GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

There will be two more days of registration for the voters who have not yet registered for the fall election and who desire to vote at the presidential election in November. The places of registration will be open in each precinct on Friday, October 18, and on Saturday, October 19. The hours are from 8 a. m. to 2 p. m. and from 4 p. m. to 6 o'clock p. m.

Wouldn't War on the Ministry. There are some drawbacks to the teaching of language by sound, especially where the younger school element is being instructed by that system. In one of the first grade classes of the Greenwood school lately the teacher was endeavoring to drill the Band of Mercy slogan into the young brains. One clause of the "resolve" is an injunction to be "kind to all harmless living creatures." Somehow the pronunciation of this phrase did not quite suit and the teacher asked for a repetition, and still there was something queer about the way it was repeated. Finally she requested one member of the class to say it to himself, and while she could not yet quite see what was the matter it did not sound right.

"Now, Tommy, say it over again slowly. I resolve to be kind to all harmless living creatures," said the teacher, bound to get the straight of the matter.

Tommy repeated slowly, and, while there seemed to be nothing exactly wrong with the rest of the sentence, the final word sounded off color.

"Is that 'creatures' you are saying there, Tommy?" asked the puzzled teacher. "Say it all again."

With the sweetest resignation in the world the boy repeated, "I resolve to be kind to all harmless living preachers."—Kansas City Journal.

WOODROW WILSON PASSES THROUGH ON PENNSY TRAIN

DEMOCRATIC NOMINEE FOR PRESIDENT STOPPED HERE FOR A MINUTE.

Hon. Woodrow Wilson, democratic governor of New Jersey and nominee of the democratic party for the office of president of the United States, passed through Lima Friday morning at 8:25 o'clock, en route from the west to Mansfield and points further east. He was a passenger on board east bound Pennsylvania train No. 18, but as his coming was unheralded, only a few who were informed as to his itinerary were at the depot to greet him. Even the local officials of the Pennsylvania road did not know the distinguished New Jersey man was a passenger aboard the train until about the hour of its arrival.

Hon. J. H. Goetze, congressman from this district, and Hon. R. B. Gordon, former congressman, who were apprised of the governor's coming, were at the Pennsylvania depot when the train pulled into

the station and were warmly greeted by the candidate. They accompanied Mr. Wilson to Mansfield.

Seized by an Eagle.

A huge eagle swooped down on the home of a Westport, Conn., man a few days ago and seized Anna, his two-year-old daughter, in its talons and attempted to fly away with her. The screams of the child brought the father to the yard. The bird then dropped the little one, and the father seized her and ran into the house. The little girl's clothes were torn by the bird's talons, but she was not even scratched.

WILSON IS NOW TOURING OHIO

(By United Press). On board special car, Cleveland, O. Oct. 11.—Highly pleased with his reception in Chicago, which lasted nearly to the time of his departure at 2:55 a. m., Gov. Wilson faced a day's campaigning in Ohio with a voice almost gone.

Today the Democratic nominee was scheduled to stop two hours at Canton and one hour in Orrville, O., on his way to Cleveland where he makes, tonight, the last speech of his present trip. Saturday night Gov. Wilson will speak at a banquet of the Knights of Columbus, New York. He will spend three

DRAW SORENESS FROM CORNS AND BUNIONS

Begy's Mustardine is Best and Cheapest Remedy for all Aches, Pains and Soreness.

Rub on Begy's Mustardine at night and all foot agony will be gone next morning. It acts like magic.

For lame and stiff joints, Rheumatism, Lumbago, Neuralgia, Earache, Headache, Toothache or Cramps in Leg it gives the greatest kind of comfort in just a few minutes.

Thousands of boxes are sold weekly for cold in Chest, Sore Throat, Bronchitis, Pleurisy, Tonsillitis and deep seated Coughs and all because it cures these ailments quicker than anything else will do.

Begy's Mustardine will not blister, will not soil, is always ready and is far better than liniments, poultices, plasters or hot water bottles. Large yellow box for only 25 cents at druggists everywhere. Hunter Bros. guarantees it. Be sure it's Begy's.

STOCKS SHOW GENERAL LOSS

SOME LITTLE ADVANCE IN RAILROADS IS DUE TO RAIL.

KAN WAR RUMORS.

(By United Press)
 New York, Oct. 11.—There were recessions in the active issues during the early trading Friday, and by 11 o'clock the weakness became more marked. Canadian Pacific was down six points. Lehigh Valley, R. & O., Southern Pacific and Reading were all off one point. Toward the noon hour there were substantial rallies, but the market continued sluggish and the close showed none of the important issues selling up to the standard set Thursday. Government bonds went unchanged throughout the day and other bonds were heavy.

SAGE TEA WILL DARKEN THE HAIR

RESTORE FADED AND GRAY HAIR TO NATURAL COLOR—DANDRUFF QUICKLY REMOVED.

There is nothing new about the ideas of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of Sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product. Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

EASY AND SURE WAY TO CURE COLDS

DON'T NEGLECT A COLD, ELY'S CREAM BALM WILL STOP IT IN THE SNEEZING STAGE

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation on all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectively check the poisonous discharge which clogs the head and throat, causing the disgusting hacking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membrane, thus ending catarrh. Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

We are showing many new models, all distinctively new and beautiful weaves and colors. To appreciate them you must see them. Greatest values ever known at \$15.00.

FINEST CLOTHES AT \$18 and \$20

Our immense business in Suits and Overcoats at \$18 and \$20 indicates that the buying public has been quick to recognize the actual worth of these high-grade clothes above the price quoted. Beautiful browns, tans, grays, blues; perfect-fitting garments; finest tailoring and a wonderful range. No other store will offer anything to compare with these high-class values at \$18 and \$20.

QUALITY AND STYLE IN CLOTHES at \$10

You men who set a \$10 limit get 25 per cent. more value here for your money. The smart styles you want, late models, the colorings and patterns you like. The weaves you choose, in tweeds, chevots, worsteds—they're all wool. The only thing about them like the ordinary \$10 Suits and Overcoats is the price.

COLLEGE AND HIGH SCHOOL CLOTHES have a section to themselves. Young men may come freely to this place and see nothing but their own special styles—selected weaves chosen to gratify young tastes. The smartest lot of Suits and Overcoats you've ever seen at \$7.50, \$10, \$12, \$15.

BOYS' CLOTHES "OF THE BETTER SORT" \$2.00 TO \$6.50

One of the best things we ever did for boys and their parents is the production of a line of Convertible Collar Suits for boys 6 to 17 years old. Made of All-Wool tweeds, chevots and cassimeres, in all the new colorings, specially priced at \$2, \$3, \$4, \$5, \$6.50.

Juniors get some great styles here in Suits and Overcoats, \$1.50 to \$5.00.

THE WORLD'S BEST HATS \$1.50 to \$3.50

The new Austrian Velour Hats are highly favored this season. Some new shapes in new shades. They are very dressy for fall, \$2 to \$5. Stetson's have made a special lot of good ones, in soft and stiff hats at \$3.50. Eilerman's "Special Make" Hat, soft and stiff, all colors, at \$2, is the best hat made at the price. Other good hats at \$1.50. All the new things in caps, men's and boys' 25c and 50c.

You really ought to see our **SWEATER COATS**. They're unusually fine this season. The prices run from 50c to \$5.00; ruff neck, shawl collar and cape collar; Shakers, Angoras, Vicunas. You'll find real style in them. It's a good time, also, to take up the matter of **FALL UNDERWEAR**. We have some special values at 50c and up to \$2 the garment.
